

IBM WATSON IOT PLATFORM AND DEVICE

- By using SI Username and Password, We can login to the IBM Watson IOT platform and device.

The screenshot displays the IBM Watson IoT Platform interface. The top navigation bar includes tabs for 'Service Details - IBM Cloud', 'IBM Watson IoT Platform', and a search bar. The main header shows the user's email '821319106022@smartinternz.com' and ID 'mpnvlj'. The left sidebar contains icons for various IoT functions. The 'Browse Devices' page is active, showing a table of devices. The table has columns for Device ID, Status, Device Type, Class ID, and Date Added. A single device is listed with ID 18022001, Status Disconnected, Device Type malini, Class ID Device, and Date Added Oct 3, 2022 7:11 AM. The page also features a search bar, a 'Device Simulator' toggle, and a '1 Simulation running' status.

Device ID	Status	Device Type	Class ID	Date Added
18022001	Disconnected	malini	Device	Oct 3, 2022 7:11 AM

- After login with the SI mail id then browse device page will display.
- In this page whether the device is connected or disconnected.
- Here we can view the simulation running and output in the recent event.
